Using Results and Benchmarks to Support LST Sustainability

#### Life Skills Training

Webinar Series December 1, 2010

© 2010 The Finance Project.

## Our Goals for this Webinar Series

- 1. Share a framework and process for sustainability planning
- 2. Provide information, guidance and tools to support sites in creating a sustainability plan
- 3. Create opportunities for dialogue and peer learning across LST grantee sites

Selected items that you reported as **your** goals for this series:

- •Learn about effective sustainability strategies and practices
- Understand funding sources
- Guidance and tools to work on a sustainability plan © 2010 The Finance Project.

## Brief Recap of Webinars #1 & 2

Introduced:

- the sustainability framework and planning process
- the sustainability planning self-assessment tool

Provided:

 guidance and tools to assemble a sustainability planning team

#### Your Reflections

•Sustainability planning requires buy-in and ongoing commitment to be successful

•There are many options for members of your sustainability planning team: members of school PTAs, PTOs, community-based organizations, teachers, counselors, district staff, etc.

Today's Agenda

1. Clearly define what you want to sustain.

2. Identify how you can measure progress.

3. Align funding sources with your results and benchmarks.

 $\ensuremath{\textcircled{C}}$  2010 The Finance Project

#### 1. Clearly Define What You Want to Sustain

#### Helps you to answer the questions:

- A. What strategies and activities are included in my LST program?
  - CSPV implementation guidelines
- B. How big is my LST program?
  - How many schools will be included over the next 3-5 years (expand, sustain, contract)?
  - Based on the above, how many students will be included?

## 2. Identify How You Can Measure Progress

#### Two types of measures:

a. **Program measures:** the LST implementation measures you are tracking with CSPV. Also known as *process measures*.

b. Individual measures: any individual measures you are collecting or linking up with on your own around student-level outcomes. Also known as *outcome measures*.

#### 2. Measuring Progress: LST Program Implementation Measures

- 1. Coordinator support
- 2. Training
- 3. Technical assistance
- 4. Principal support
- 5. Teacher support
- 6. Implementation fidelity
- 7. Implemented during regular school hours

#### Example:

2. Training: All teachers providing LST instruction must attend a training workshop prior to teaching.

## Developing a Strategic Financing Plan

1. Determine cost

CSPV LST cost calculator, available at: <u>http://www.colorado.edu/cspv/blueprints/lst\_grant/calculator.html</u>

- 2. Map current funding
- 3. Assess gaps between cost and available funds

## 4. Identify funding sources and financing strategies

# 3. Aligning Funding Sources with Results and Benchmarks

- Where are the key areas for needed funds?
  - Staffing?
  - Supplies?
  - Train-the-trainer?
- What kinds of funds are best-suited to meet your fiscal needs?
  - In-kind?
  - Public dollars (federal, state, local)?
  - Private dollars?

#### Sustainability Planning Webinar Series

- October 27: Overview of the Sustainability Planning Framework and Process
- **November 4:** Using the Self-Assessment Tool to Benchmark Progress and Identify Priorities
- December 1: Using Results and Benchmarks to Support LST Sustainability
- January 13: Creating a Strategic Financing Plan
- February 15: Organizational Capacity and Community Support
- MAY 10: Developing and Writing the Plan © 2010 The Finance Project.
